PROFESSIONAL SUMMARY

An Inquisitive Full Stack Web Developer with 3+ years of experience building scalable web and mobile applications using JavaScript, React.js, Node.js, and modern frameworks. Skilled in developing responsive UIs, RESTful APIs, and writing automated tests. Focused on delivering clean, efficient, and maintainable code in agile team environments.

TECHNICAL SKILLS

Frontend: ReactJS, React Native, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Storybook
Backend: Node.js, Express.js, MongoDB, PostgreSQL, Java, AWS Lambda (Serverless)
Testing & DevOps: Vitest, Playwright, Selenium, AWS, Jenkins, Git, CI/CD

EXPERIENCE

Senior Frontend Engineer

Arcitech

 Nov 2025 – Present
 Mumbai, India

- Led a team of **5 developers**, managing **task planning**, **code reviews**, **technical decisions**, and timely project delivery.
- Developed **reusable UI component libraries** using modern design systems, reducing development effort and ensuring consistency across projects.
- Integrated **LLM-powered features** and **AI chatbots**, enabling conversational workflows, automated assistance, and intelligent user interactions.
- Implemented **WebSocket-based real-time communication** for live notifications, chat systems, status tracking, and collaborative features.
- Created and maintained **unit, integration, and end-to-end tests** using **Vitest**, ensuring feature reliability and reducing regressions.
- Collaborated closely with **product, design, backend, and QA teams** throughout the **Software Development Life Cycle (SDLC)**, following Agile and Scrum methodologies.
- Delivered **full-stack features** while driving improvements in **code quality, performance, and user experience**.

Senior Software Developer

86 Agency

 May 2023 – Nov 2025
 Gurugram, India

- Developed and maintained **cross-platform mobile applications** for Android and iOS using **React Native**.
- Built **responsive and high-performance web applications** using **React.js** and **Next.js**, focusing on scalability and user experience.
- Created **reusable UI components** and modular frontend architectures to improve development efficiency and maintainability.
- Integrated **REST APIs**, third-party services, and **WebSocket-based real-time features** for live updates and interactive experiences.
- Implemented automated testing using **Vitest** and **Playwright**, ensuring application reliability and reducing regressions.
- Conducted **code reviews** and mentored junior developers while promoting best practices for clean and maintainable code.
- Collaborated with cross-functional teams throughout the **SDLC** and contributed to the successful delivery of **10+ client projects**.

PROJECTS

Haire.ai

Arcitech

AI-Powered Recruitment And Interview Platform

React.js, TypeScript, Tailwind CSS, ShadCN UI, Storybook, Vitest, Playwright, WebSockets, LLM Integration

- Built reusable React components and recruiter dashboards for candidate screening and hiring workflows.
- Integrated LLM-powered features for **JD generation**, **interview question generation**, and intelligent hiring assistance.
- Developed AI-driven **resume screening**, enhancement, and candidate evaluation modules.
- Built **Interview Analyzer** and **Assessment Engine** to score candidates based on interview responses and assessments.
- Integrated AI-generated transcripts, hiring insights, and real-time interview tracking using **WebSockets**.

Cric Arabia

86 Agency

Cricket Live Scores, Fantasy Sports & Analytics Platform

Next.js, React Native, Tailwind CSS, React, WebSockets

- Developed live cricket scoring, ball-by-ball commentary, and real-time match updates using **WebSockets**.
- Built **Fantasy Cricket** features including team creation, contests, leaderboards, and live point tracking.
- Developed player rankings, team statistics, and analytics dashboards for performance insights.
- Built and maintained an **Admin Panel** for managing contests, player data, scoring rules, and match schedules.
- Contributed to the Cric Arabia Merchandise Store and optimized frontend performance across web and mobile platforms.

EMS Connect iOS | Android

86 Agency

Organization Communication & Member Management Platform

React Native, React, Agora, Firebase, Node.js

- Built **video conferencing** and meeting management features using **Agora SDK**.
- Developed **admin modules** for member management, alerts, news, and announcement distribution.
- Implemented **Firebase Push Notifications** for real-time updates, reminders, and organization-wide communications.
- Enabled **meeting scheduling**, document sharing, and internal collaboration workflows for members.
- Developed and integrated **backend APIs** for user management, notifications, meetings, and content delivery.

LogyXPS

86 Agency

Logistics, Shipping & Order Management Platform

Node.js, React, Redux, MongoDB, Material UI, REST APIs

- Integrated **Shopify** and **WooCommerce** stores for automated order synchronization and shipment processing.
- Built order management workflows including courier selection, shipment creation, and shipping label generation.
- Developed multi-courier integrations for shipment tracking, delivery updates, and logistics automation.
- Created dashboards for monitoring orders, shipments, courier performance, and delivery analytics.
- Built admin tools for managing courier partners, shipping rules, and operational workflows.
